In 2024 the FSBOA will offer owners of registered mares a share of a **total** cash incentive of \$50,000 to breed their mares in 2023 and have their foals registered in 2024 on or before August 15, 2024.

The rules to receive the cash incentive are as follows:

1. The mare owner must be registered with the USTA.
2. The stallion must be a Florida registered stallion.
3. The mare owner must be a registered member of the FSBOA in 2023.
4. Up to \$1,000 will be offered for each foal born and registered by the deadline date.
5. The foals must be registered with the USTA first and then with the FSBOA on or before August 15, 2024.
6. This doesn't apply to non-FL sire foals.

This offer was introduced in 2012 as an attempt to increase the production of foals in Florida. The offer is being continued in 2024.

If you have any questions, please call the FSBOA.
